## K-STATE ACCESS TECHNOLOGY SYSTEM

KATS is an *interactive* system that gives you access to your academic information and allows you to manage some of your university business. For example, you are able to enroll, change your schedule, update addresses; and view your grades, semester schedule, holds, student account and other related information.

This interactive system is available to you through a computer using <http://kats.ksu.edu> . KATS can be accessed via the WWW directly from the K-State home page.

When using KATS you need to appropriately log-on and log-off of KATS as instructed. These procedures are necessary to secure the information being presented to you. When using a public computer with printing capabilities, the printed information will not contain identifiable information, i.e. your name or student ID number.

If you have questions about KATS, see <http://kats.ksu.edu>/Frequently Asked Questions about KATS or call the K-State IT Help Desk at 1-785-532-6282.
