“Other” Assignment #7

In all likelihood, all of us, at some point in our lives, will be parents (if you are not already). Throughout our discussion of development, we have talked about many theories and concepts related to child development. Most of this information can be employed by a careful parent to guide their parental decisions.

Discuss 4 pieces of information concerning development that you think will make you a better parent. Explain why you think that each of those 4 pieces of information will be useful for parenting.

Approximate length: 1 – 2 pages.
