## K-STATE ACCESS TECHNOLOGY SYSTEM

KATS is an *interactive* system that gives you access to your academic information and allows you to manage some of your university business. For example, you are able to enroll, change your schedule, update 4 addresses; and view your grades, semester schedule, holds, student account and other related information.

This interactive system is available to you through the WWW (via a computer or kiosk) using the url of <http://kats.ksu.edu> or over the telephone by calling 1-785-395-1200. KATS can be accessed via the WWW directly from the K-State home page. Not all information is available and not all business can be conducted via the kiosk or the telephone. (Kiosk machines are located in the K-State Union, Anderson Hall and Hale Library.)

When using KATS you need to appropriately log-on and log-off of KATS as instructed. These procedures are necessary to secure the information being presented to you. When using a public computer and/or the kiosk with printing capabilities, the printed information will not contain identifiable information, i.e. your name or student ID number.

If you have questions about KATS, see <http://kats.ksu.edu>/Frequently Asked Questions about KATS or call Enrollment Services 1-785-532-6321; for a KATS PIN reset call the Help Desk at 1-785-532-6282.

Beginning the 1st calendar day of the semester, an instructor is to notify Enrollment Services (KSU-Salina Registrar's Office) if he/she would like to have a student dropped from a course because of the above policy. ## **PERMISSION COURSES**

Certain courses require that you seek special permission from an instructor. Course permission is needed if an instructor wishes to have a student enroll in a closed course or in a course where permission is required. When enrolling in one of these courses you must present authorization from the instructor either by electronic permission or on a COURSE SECTION PERMIT.

Electronic permission is done by the appropriate faculty/staff through [KATS](#) or the instructor may obtain the COURSE SECTION PERMIT form from the college dean's office. When using the paper form, the instructor completes the two-part form and gives it to the student; the student then takes the form to enrollment.

## **RELEASE OF STUDENT RECORDS**

Kansas State University is in compliance with the Family Educational Rights and Privacy Act of 1974, as amended; this law establishes specific guidelines concerning the release of information and the students' privilege to inspect and review their own educational records. Kansas State University maintains various student records to document academic progress as well as to record interactions with University staff and officials. To protect the student's rights to privacy, and to conform with federal law, the University has an established policy for handling students' records. Interpretation of this policy is based on experience with educational records, and the policy itself may subsequently be modified in light of this experience. Notice of this policy and of students' rights under federal law is given annually. Copies of this policy are available at the Registrar's Office, 118 Anderson Hall and are published in the General Catalogs and in the Course Schedule booklets.

Directory Information-Certain information concerning students is considered to be open to the public upon inquiry. This public information is called directory information and includes: name, local address and telephone number, permanent address, e-mail address, date and place of birth, photograph or likeness, college, curriculum, enrollment status, classification, dates of attendance at Kansas State University, awards and academic honors, degrees and dates awarded, most recent previous educational institution attended, participation in officially recognized activities and sports, and height and weight of members of athletic teams.

Directory information as defined above will be released upon inquiry, unless the student has requested that this information not be released. The student's request to have directory

information withheld must be submitted to Registrar's Office, 118 Anderson (208 College Center, Salina), which will notify other appropriate University offices.

Confidential Information-With the exception of the information noted above, students' records are generally considered to be confidential. The following policies govern access to confidential student records:

1. Each type of student record is the responsibility of a designated University official, and only that person or the Dean, Director, or Vice-President to whom the person reports has authority to release the record. The responsible officials are:

- a. Academic records: for undergraduates, the Registrar, Anderson Hall, 118 Anderson Hall; for graduate students, the Graduate School Office, Fairchild Hall
- b. Admissions records: for undergraduates, the Director of Admissions and Student Financial Assistance, Anderson Hall; for graduate students, the Graduate School Office, Fairchild Hall
- c. Financial aid records: Director of Student Financial Assistance, Fairchild Hall
- d. Business records: Controller's Office, Anderson Hall
- e. Traffic and security records: Head of KSU Police Department, Edwards Hall.
- f. Medical records: Director, Student Health Service, Lafene Health Center
- g. Counseling records: Director University Counseling Services, English/Counseling Services Building
- h. Actions of academic standards committees: College Dean
- i. Academic disciplinary records: Chair, Undergraduate Grievance Committee
- j. Non-academic disciplinary records: Dean of Student Life, Holton Hall
- k. Housing records: Director of Housing, Pittman
- l. Placement records: Director of Career and Employment Services, Holtz Hall
- m. Evaluations for admission to graduate or professional programs: Dean (of the Graduate School or the appropriate college) or Department Head
- n. Special academic programs: Faculty member in charge of the program and Dean of the College
- o. Foreign student records: Foreign student advisor, International Student Center
- p. Test scores for College Level Examination Program (CLEP), American College Testing Program (ACT), Miller Analogies Test (MAT), etc.: Director of Academic Assistance Center, Holton Hall

2. Confidential educational records and personally identifiable information from those records will not be released without the written consent of the student involved, except to other University personnel, or in connection with the student's application for financial aid; or by submitting proof of dependency; or in response to a judicial order or subpoena; or in a bona fide health or safety emergency; or, upon request, to other schools in which the student seeks or intends to enroll; or to the U.S. Comptroller General, the Secretary of HEW, the U.S. Commissioner of Education, the Director of the National Institute of Education, the Assistant Secretary of Education, state educational authorities, or state and local officials where required by state statute adopted before November 19, 1974.
3. The responsible official may release records to University officials who have a legitimate need for the information in order to carry out their responsibilities.
4. All student records are reviewed periodically. Information concerning the frequency of review and expurgation of specific records is available in the Registrar's Office.
5. With certain exceptions, students may review records which pertain directly to them upon request and may obtain a copy of the record at cost, according to the following schedule:

- a. Transcript of academic record - \$8.00 per copy
- b. Medical records (Lafene Health Center) - no charge to patient for medical purposes. There is a charge of \$15 for the first copy to outside parties with patient release. Each additional page is \$.15.
- c. Other records - at cost

The major exceptions to student review are medical and counseling records. These may be released, however, to other medical or psychological professionals at the written request of the student; and may be inspected by the patient at the discretion of the professional staff. Other exceptions are law enforcement records, private notes of staff members, and financial records of parents.

6. A student may waive the right to review a specific record by submitting in writing a statement to this effect to the official responsible for that record. Examples are recommendations for career placement or admission to graduate study.
7. University personnel who have access to student educational records in the course of carrying out their University responsibilities shall not be permitted to release the record to persons outside the University, unless authorized in writing by the student or as required by a court order. Only the official responsible for the records has the authority to release them.
8. All personal educational information about a student released to a third party will be transferred on condition that no one else shall have access to it except with the student's consent. A record is maintained showing who has had access to student records, and this record is open to inspection by the student.

When Records May Be Withheld-The appropriate University official may request that the student's record not be released in the case the student has a delinquency in an account with the University, including unpaid traffic or parking violations, or if official disciplinary action has been taken. The effect of this action is that transcripts are not released, and enrollment is withheld. In order for the action to be rescinded, the Registrar's Office must receive authorization from the official who originally requested the action, indicating that the student has met the obligation. To contest the withholding of a record, a student must attempt to settle the dispute with the official who requested that the record be withheld. If this attempt to resolve the dispute is unsuccessful, the matter may be resolved in accordance with the process described in the following section. Further information concerning this policy can be obtained from the Registrar's Office, 118 Anderson Hall, (785)532-6254, (208 College Center, (785)826-2607).

Review & Challenge of Records-Upon request to the official listed above a record covered by the Act will be made available within a reasonable time to the student and in no event later than 45 days after the request. Copies are available at the student's expense and explanations and interpretations of the records may be requested from the official in charge. If the student believes that a particular record or file contains inaccurate or misleading information or is otherwise inappropriate, the University will afford an opportunity for a hearing to challenge the content of the record. Prior to any formal hearing, the official in charge of the record is authorized to attempt, through informal meetings and discussions with the student, to settle the dispute. If this is unsuccessful, the matter will be referred to the appropriate vice-president. If the student is still dissatisfied, a hearing may be requested. The hearing, conducted by a hearing officer appointed by the President, will be held within two weeks. The student will have the opportunity at the hearing to present any relevant evidence, and a decision will be rendered within two weeks after the hearing. If the result does not satisfy the student, he or she may place a statement in the file.

Complaints-A student who believes the University has not complied with federal law or regulations may send a written complaint to the Family Educational Rights and Privacy Act Office, Department of Education, 400 Maryland SW, Washington, DC 20202.

## **RESIDENCE CLASSIFICATION FOR TUITION**

A copy of the regulations and administrative guidelines governing the classification of residents and nonresidents for admission and tuition purposes is available in the Admissions Office, Graduate School Office or the Registrar's Office (KSU-Salina Admissions or Registrar's Office).

## **SENIOR SCHOLAR**

The Kansas Board of Regents provides that Kansas residents over the age 60 may attend courses at the Regents' institutions on a space available, no credit, no tuition basis.

## **STATEMENT OF ACCOUNT**

The statement indicates the current amount due at time of its printing. Access [KATS](#) to view your current amount due.

## **STUDENT GRADUATION/RETENTION RATES**

Public Law 101-542, more commonly known as the Student Right-To-Know and Campus Security Act, requires that institutions of higher education provide information on their graduation rates currently enrolled and prospective students.

### **Graduation**

Of the new freshman entering Kansas State University in the fall of 1997 56% had graduated and 4% were still enrolled at the end of six academic years, yielding a graduation/persistence rate of 60% after six years. Additionally, it is estimated that over 5% transferred to other four-year colleges or universities to pursue professional degrees or curricula not offered at Kansas State University. Of even greater interest to students and prospective students should be the graduation/persistence rates of specific sub-groups of entering freshman. Students' high school backgrounds and achievements are strong predictors of college success. Seventy-seven percent of those entering freshman who report high school grade point averages of 3.50 or higher either graduate or remain enrolled after six years. Seventy percent of those who report a 3.00 average or better in high school graduate or remain enrolled after six years. For all students reporting a high school average of 2.50 or higher, the graduation/persistence rate is 66%. Seventy-one percent of entering students who rank in the top quarter of their high school class graduate or remain enrolled after six years. Sixty-seven percent of those in the top half persist. Seventy percent of entering students who report completion of a college preparatory curriculum or the Regents' Recommended Curriculum either graduate or remain enrolled and are successfully pursuing their degrees at Kansas State University after six years. The ACT remains a strong predictor of college success. After six years, 71% of Kansas State freshman who enter with above average ACT scores either graduate or are still enrolled after six years. High school size seems to matter very little. For students reporting graduation class sizes of less than 100 students, 62% graduate or are still enrolled after six years. The corresponding rate for high school graduation classes of over 400 is 69%.

### **Retention**

Retention rates are also important to any student in the process of selecting a college or university. Freshman-to-sophomore year retention rates are critical importance since over one half of all students who drop out of college do so prior to the sophomore year. Again

focusing upon the fall 1997 entering freshman class at Kansas State University, 79% returned for their second year. This compares to an ACT reported average of 73% for institutions of similar mission and admission standards (ACT, 2003). Like graduation rates, retention rates vary among various sub-groups of students. Of the fall 1997 entering freshman, 86% of those having above average ACT scores returned for their sophomore year. Ninety-one percent of those with scores above 30 returned. Similar positive trends hold for high school rank, high school grade point average, college preparatory curricula, etc.

## **STUDENT RECORDS POLICY**

Kansas State University maintains various student records to document academic progress as well as to record interactions with University staff and officials. To protect the student's rights to privacy, and to conform with federal law (FERPA), the University has established the Student Records Policy. Interpretation of this policy is based on experience with educational records, and the policy itself may subsequently be modified in light of this experience. Notice of this policy and of students' rights under the federal law is given annually. Copies of this policy are available at the Registrar's Office, 118 Anderson Hall, and are published in the Undergraduate and Graduate Catalogs.

**Directory Information**—Certain information concerning students is considered to be open to the public upon inquiry. This public information is called directory information and includes: name, local address and telephone number, permanent address, e-mail address, date and place of birth, photograph or likeness, college, curriculum, enrollment status (full/part time), classification, dates of attendance at Kansas State University, awards and academic honors, degrees and dates awarded, most recent previous educational institution attended, participation in officially recognized activities and sports, and height and weight of athletes.

Directory information as defined above will be released upon inquiry, unless the student has requested that this information not be released. The student's request to have directory information withheld must be submitted to Registrar's Office, 118 Anderson (208 College Center, Salina). The Registrar's Office will notify other appropriate University offices.

**Confidential Information**—With the exception of the information noted above, students' records are generally considered to be confidential. The following policies govern access to confidential student records:

1. Each type of student record is the responsibility of a designated University official, and only that person or the Dean, Director, or Vice-President to whom the person reports has

authority to release the record. The responsible officials are:

- a. Academic records: for undergraduates, the Registrar, Anderson Hall, 118 Anderson Hall; for graduate students, the Graduate School Office, Fairchild Hall
- b. Admissions records: for undergraduates, the Director of Admissions and Student Financial Assistance, Anderson Hall; for graduate students, the Graduate School Office, Fairchild Hall
- c. Financial aid records: Director of Student Financial Assistance, Fairchild Hall
- d. Business records: Controller's Office, Anderson Hall
- e. Traffic and security records: Head of KSU Police Department, Edwards Hall.
- f. Medical records: Director, Student Health Service, Lafene Health Center
- g. Counseling records: Director University Counseling Services, Lafene Health Center
- h. Actions of academic standards committees: College Dean
- i. Academic disciplinary records: Chair, Undergraduate Grievance Committee
- j. Non-academic disciplinary records: Dean of Student Life, Holton Hall
- k. Housing records: Director of Housing, Pittman
- l. Placement records: Director of Career and Employment Services, Holtz Hall
- m. Evaluations for admission to graduate or professional programs: Dean (of the Graduate School or the appropriate college) or Department Head
- n. Special academic programs: Faculty member in charge of the program and Dean of the College
- o. Foreign student records: Foreign student advisor, International Student Center
- p. Test scores for College Level Examination Program (CLEP), American College Testing Program (ACT), Miller Analogies Test (MAT), etc.: Director of Academic Assistance Center, Holton Hall

2. Confidential educational records and personally identifiable information from those records will not be released without the written consent of the student involved, except to other University personnel, or in connection with the student's application for financial aid; or by submitting proof of dependency; or in response to a judicial order or subpoena; or in a bona fide health or safety emergency; or, upon request, to other schools in which the student seeks or intends to enroll; or to the U.S. Comptroller General, the Secretary of HEW, the U.S. Commissioner of Education, the Director of the National Institute of Education, the Assistant Secretary of Education, state educational authorities, or state and local officials where required by state statute adopted before November 19, 1974.

3. The responsible official may release records to University officials who have a legitimate need for the information in order to carry out their responsibilities.

4. All student records are reviewed periodically. Information concerning the frequency of review and expurgation of specific records is available in the Registrar's Office.
5. With certain exceptions, students may review records which pertain directly to them upon request and may obtain a copy of the record at cost, according to the following schedule:

- a. Transcript of academic record - \$8.00 per copy
- b. Medical records (Lafene Health Center) - no charge to patient for medical purposes. A copy charge is assessed to certain outside parties with patient release.
- c. Other records – at cost

The major exceptions to student review are medical and counseling records. These may be released, however, to other medical or psychological professionals at the written request of the student; and may be inspected by the patient at the discretion of the professional staff. Other exceptions are law enforcement records, private notes of staff members, and financial records of parents.

6. A student may waive the right to review a specific record by submitting in writing a statement to this effect to the official responsible for that record. Examples are recommendations for career placement or admission to graduate study.
7. University personnel who have access to student educational records in the course of carrying out their University responsibilities shall not be permitted to release the record to persons outside the University, unless authorized in writing by the student or as required by a court order. Only the official responsible for the records has the authority to release them.
8. All personal educational information about a student released to a third party will be transferred on condition that no one else shall have access to it except with the student's consent. A record is maintained showing who has had access to student records, and this record is open to inspection by the student.

**When Records May Be Withheld**—The appropriate University official may request that the student's record not be released in the case the student has a delinquency in an account with the University, including unpaid traffic or parking violations, or if official disciplinary action has been taken. The effect of this action is that transcripts are not released, and enrollment is withheld. In order for the action to be rescinded, the Registrar's Office must receive authorization from the official who originally requested the action, indicating that the student has met the obligation. To contest the withholding of a record, a student must attempt to settle the dispute with the official who requested that the record be withheld. If this attempt to resolve the dispute is unsuccessful, the matter may be resolved in accordance with the process described in the following section. Further information concerning this policy can be obtained from the Registrar's Office, 118 Anderson Hall, (785)532-6254, (208 College Center, (785)826-2607).

**Review & Challenge of Records**—Upon request to the official listed above a record covered

by the FERPA will be made available within a reasonable time to the student and in no event later than 45 days after the request. Copies are available at the student's expense and explanations and interpretations of the records may be requested from the official in charge. If the student believes that a particular record or file contains inaccurate or misleading information or is otherwise inappropriate, the University will afford an opportunity for a hearing to challenge the content of the record. Prior to any formal hearing, the official in charge of the record is authorized to attempt, through informal meetings and discussions with the student, to settle the dispute. If this is unsuccessful, the matter will be referred to the appropriate vice-president. If the student is still dissatisfied, a hearing may be requested. The hearing, conducted by a hearing officer appointed by the President, will be held within two weeks. The student will have the opportunity at the hearing to present any relevant evidence, and a decision will be rendered within two weeks after the hearing. If the result does not satisfy the student, he or she may place a statement in the file.

Complaints—A student who believes the University has not complied with FERPA or regulations may send a written complaint to the Family Educational Rights and Privacy Act Office, Department of Education, 400 Maryland SW, Washington, DC 20202.

## **SUBSTANCE ABUSE PREVENTION POLICY**

The following Substance Abuse Prevention Policy is effective August 27, 1990, and is adopted pursuant to the requirements of the Drug-Free Schools and Communities Act Amendments of 1989 and the Drug-Free Workplace Act of 1988. A copy of the Drug Prevention Policy will be distributed annually to each student and employee of Kansas State University.

1. Kansas State University prohibits the unlawful possession, use, manufacture, or distribution of alcohol or controlled substances by students and employees on property controlled by the University, or as part of University activities. The University is committed to a program to prevent the illegal use of controlled substances and alcohol by students and employees.
2. Any student or employee of the University found to be using, possessing, manufacturing, or distributing controlled substances or alcohol in violation of the law on University property or at University events will be subject to disciplinary action in accordance with applicable policies of the State of Kansas, the Board of Regents, and Kansas State University. Disciplinary action includes, but is not limited to, expulsion, termination of employment, referral for prosecution and the completion of an appropriate substance abuse rehabilitation program.
3. As a condition of employment, all employees of Kansas State University, including student employees, shall abide by the terms of this policy statement and will notify the Provost of any criminal drug statute conviction for a violation occurring on property controlled by the University, no later than five days after such conviction. Kansas State University will, in turn notify, as appropriate, the applicable federal agency of the conviction within ten (10) days of its receipt of notification of the conviction. The

University will take appropriate disciplinary action within thirty (30) days of notification of the conviction. For purposes of this policy, "conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

4. The term "controlled substances" as used in this policy means those substances included in Schedules I through V of section 202 of the Controlled Substances Act and as further defined by regulation at 21 CFR 1300.11 through 1300.15. The term does not include the use of a controlled substance pursuant to a valid prescription or other uses authorized by law.

5. Local, state and federal laws provide for a variety of legal sanctions and penalties for the unlawful possession, use or distribution of illicit drugs and alcohol. The Federal Controlled Substances Act provides penalties of up to 15 years' imprisonment and fines up to \$25,000 for unlawful distribution or possession with the intent to distribute narcotics. For unlawful possession of a controlled substance, a person is subject to up to one year of imprisonment and fines up to \$5,000. Any person who

unlawfully distributes a controlled substance to a person under twenty-one years of age may be punished by up to twice the term of imprisonment and fine otherwise authorized by law. Kansas law provides that any person who violates the criminal statutes on controlled substances by possessing, offering for sale, distributing, or manufacturing opiates and narcotics, such as cocaine and heroin, shall be guilty of a Class C felony. For a conviction of a Class C felony, the court may sentence a person to a term of imprisonment of a minimum of three to five years, a maximum of 10 to 20 years, and a fine of up to \$15,000. Unlawful possession of a depressant, stimulant or hallucinogenic drugs is punishable as a Class A misdemeanor, with a penalty of up to a year in jail and a fine of \$2,500. Under Kansas law, persons under 21 years of age may be subject to minimum fines of \$100 for possessing, consuming, obtaining, purchasing or attempting to obtain or purchase alcoholic liquor or cereal malt beverages. Persons convicted of driving under the influence of alcohol or drugs are subject to severe fines, imprisonment, and other penalties. The local ordinances of Manhattan, Kansas, also include prohibitions relating to illicit drugs and alcohol. Generally, these local ordinances are similar in content to state law.

6. Students and employees of Kansas State University should be aware that the following health risks have been associated with the use of illicit drugs and the abuse of alcohol:

Alcohol: Birth defects, ulcers and gastritis, liver damage, heart disease, cancer and brain damage.

Anabolic Steroids: Acne, cancer, heart disease, liver disease, sterility, jaundice, and kidney stones. Cocaine/Stimulants: Increased blood pressure, blurred vision, sleeplessness, anxiety, irregular heartbeat, and death.

Sedatives: Slowed body function, drowsiness, convulsions, and coma. Students and

employees should note that the above listing is not intended as all-inclusive.

7. Drug and alcohol counseling, treatment or re-entry programs are available to students and employees on a national, statewide, local and campus basis. Alcohol and drug counseling are available to students at University Counseling Services in Lafene Student Health Center (532-6927). The Alcohol and Other Drug Education Service (532-6927) can provide further information about health problems and treatment related to alcohol and drug use. Employees may seek referral for alcohol and drug problems through the KSU Employee Assistance Program (532-6277) or through the State of Kansas Lifeline Program, a 24-hour toll-free assistance line (1-800-284-7575). Other sources of assistance include the Kansas Alcohol and Drug Abuse Services (785-296-3925), and the National Institute on Drug Abuse Hot Line (1-800-662-4357).
