PERMISSION COURSES

Certain courses require that you seek special permission from an instructor. Course permission is needed if an instructor wishes to have a student enroll in a closed course or in a course where permission is required. When enrolling in one of these courses you must present authorization from the instructor either by electronic permission or on a COURSE SECTION PERMIT form.

Electronic permission is done by the appropriate faculty/staff through [KATS](#) or the instructor may obtain the COURSE SECTION PERMIT form from the college dean's office. When using the paper form, the instructor completes the two-part form and gives it to the student; the student then takes the form to Enrollment Services (or K-State-Salina, 208 College Center).

RESIDENCE CLASSIFICATION FOR TUITION

A copy of the regulations and administrative guidelines governing the classification of residents and nonresidents for admission and tuition purposes is available in the Admissions Office, Graduate School Office or the Registrar's Office (KSU-Salina Admissions or Registrar's Office).

SENIOR SCHOLAR

The Kansas Board of Regents provides that Kansas residents over the age 60 may attend courses at the Regents' institutions on a space available, no credit, no tuition basis.

SPECIAL STUDENT

A student taking courses at K-State but not regularly enrolled in work towards a degree is classified as a special student. This student will not qualify for financial assistance. The special student option is not available for an international student on a student visa.

STATEMENT OF ACCOUNT

The statement of account (eBill) is published on KATS under "Student Account" menu option "View Past or Current eBills". E-mail notifications will be sent to the students' official Campus e-mail addresses informing them that there is a new eBill available for viewing.

STUDENT GRADUATION/RETENTION RATES

Public Law 101-542, more commonly known as the Student Right-To-Know and Campus Security Act, requires that institutions of higher education provide information on their graduation rates currently enrolled and prospective students.

Graduation

Of the new freshman entering Kansas State University in the fall of 1997 56% had graduated and 4% were still enrolled at the end of six academic years, yielding a graduation/persistence rate of 60% after six years. Additionally, it is estimated that over 5% transferred to other four-year colleges or universities to pursue professional degrees or curricula not offered at Kansas State University. Of even greater interest to students and prospective students should be the graduation/persistence rates of specific sub-groups of entering freshman. Students' high school backgrounds and achievements are strong predictors of college success. Seventy-seven percent of those entering freshman who report high school grade point averages of 3.50 or higher either graduate or remain enrolled after six years. Seventy percent of those who report a 3.00 average or better in high school graduate or remain enrolled after six years. For all students reporting a high school average of 2.50 or higher, the graduation/persistence rate is 66%. Seventy-one percent of entering students who rank in the top quarter of their high school class graduate or remain enrolled after six years. Sixty-seven percent of those in the top half persist. Seventy percent of entering students who report completion of a college preparatory curriculum or the Regents' Recommended Curriculum either graduate or remain enrolled and are successfully pursuing their degrees at Kansas State University after six years. The ACT remains a strong predictor of college success. After six years, 71% of Kansas State freshman who enter with above average ACT scores either graduate or are still enrolled after six years. High school size seems to matter very little. For students reporting graduation class sizes of less than 100 students, 62% graduate or are still enrolled after six years. The corresponding rate for high school graduation classes of over 400 is 69%.

Retention

Retention rates are also important to any student in the process of selecting a college or university. Freshman-to-sophomore year retention rates are critical importance since over one half of all students who drop out of college do so prior to the sophomore year. Again focusing upon the fall 1997 entering freshman class at Kansas State University, 79% returned for their second year. This compares to an ACT reported average of 73% for institutions of similar mission and admission standards (ACT, 2003). Like graduation rates, retention rates vary among various sub-groups of students. Of the fall 1997 entering freshman, 86% of those having above average ACT scores returned for their sophomore year. Ninety-one percent of those with scores above 30 returned. Similar positive trends hold for high school rank, high school grade point average, college preparatory curricula, etc.

For additional information, contact Michael Lynch, Associate Vice President for Institutional Advancement, Kansas State University, Manhattan, Kansas 66506.

STUDENT RECORDS POLICY

Kansas State University maintains various student records to document academic progress as well as to record interactions with University officials and staff. To protect the student's rights to privacy, and to conform with federal law (FERPA), the University has established the Student Records Policy. Interpretation of this policy is based on experience with educational records, and the policy itself may subsequently be modified in light of this experience. Notice of this policy and of students' rights under the federal law is given annually. Copies of this policy are available at the Registrar's Office, 118 Anderson Hall, (or K-State Salina, 208 College Center) and are published in the Undergraduate and Graduate Catalogs. See http://www.k-state.edu/registrar/a_r/sturec2.html

SUBSTANCE ABUSE PREVENTION POLICY

The following Substance Abuse Prevention Policy is effective August 27, 1990, and is adopted pursuant to the requirements of the Drug-Free Schools and Communities Act Amendments of 1989 and the Drug-Free Workplace Act of 1988. A copy of the Drug Prevention Policy will be distributed annually to each student and employee of Kansas State University.

1. Kansas State University prohibits the unlawful possession, use, manufacture, or distribution of alcohol or controlled substances by students and employees on property controlled by the University, or as part of University activities. The University is committed to a program to prevent the illegal use of controlled substances and alcohol by students and employees.
2. Any student or employee of the University found to be using, possessing, manufacturing, or distributing controlled substances or alcohol in violation of the law on University property or at University events will be subject to disciplinary action in accordance with applicable policies of the State of Kansas, the Board of Regents, and Kansas State University. Disciplinary action includes, but is not limited to, expulsion, termination of employment, referral for prosecution and the completion of an appropriate substance abuse rehabilitation program.
3. As a condition of employment, all employees of Kansas State University, including student employees, shall abide by the terms of this policy statement and will notify the Provost of any criminal drug statute conviction for a violation occurring on property controlled by the University, no later than five days after such conviction. Kansas State University will, in turn notify, as appropriate, the applicable federal agency of the conviction within ten (10) days of its receipt of notification of the conviction. The University will take appropriate disciplinary action within thirty (30) days of notification of

the conviction. For purposes of this policy, "conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

4. The term "controlled substances" as used in this policy means those substances included in Schedules I through V of section 202 of the Controlled Substances Act and as further defined by regulation at 21 CFR 1300.11 through 1300.15. The term does not include the use of a controlled substance pursuant to a valid prescription or other uses authorized by law.

5. Local, state and federal laws provide for a variety of legal sanctions and penalties for the unlawful possession, use or distribution of illicit drugs and alcohol. The Federal Controlled Substances Act provides penalties of up to 15 years' imprisonment and fines up to \$25,000 for unlawful distribution or possession with the intent to distribute narcotics. For unlawful possession of a controlled substance, a person is subject to up to one year of imprisonment and fines up to \$5,000. Any person who unlawfully distributes a controlled substance to a person under twenty-one years of age may be punished by up to twice the term of imprisonment and fine otherwise authorized by law. Kansas law provides that any person who violates the criminal statutes on controlled substances by possessing, offering for sale, distributing, or manufacturing opiates and narcotics, such as cocaine and heroin, shall be guilty of a Class C felony. For a conviction of a Class C felony, the court may sentence a person to a term of imprisonment of a minimum of three to five years, a maximum of 10 to 20 years, and a fine of up to \$15,000. Unlawful possession of a depressant, stimulant or hallucinogenic drugs is punishable as a Class A misdemeanor, with a penalty of up to a year in jail and a fine of \$2,500. Under Kansas law, persons under 21 years of age may be subject to minimum fines of \$100 for possessing, consuming, obtaining, purchasing or attempting to obtain or purchase alcoholic liquor or cereal malt beverages. Persons convicted of driving under the influence of alcohol or drugs are subject to severe fines, imprisonment, and other penalties. The local ordinances of Manhattan, Kansas, also include prohibitions relating to illicit drugs and alcohol. Generally, these local ordinances are similar in content to state law.

6. Students and employees of Kansas State University should be aware that the following health risks have been associated with the use of illicit drugs and the abuse of alcohol:

Alcohol: Birth defects, ulcers and gastritis, liver damage, heart disease, cancer and brain damage.

Anabolic Steroids: Acne, cancer, heart disease, liver disease, sterility, jaundice, and kidney stones. Cocaine/Stimulants: Increased blood pressure, blurred vision, sleeplessness, anxiety, irregular heartbeat, and death.

Hallucinogens: Increased body temperature, increased heart rate and blood pressure, sleeplessness and tremors.

Marijuana: Irritation of the lungs, emphysema, increased heart rate, short-term memory reduced, and cancer.

Opiates/Narcotics: Decreased heart rate, nausea, cold, moist skin, bluish in color, and slowed breathing.

Sedatives: Slowed body function, drowsiness, convulsions, and coma. Students and employees should note that the above listing is not intended as all-inclusive.

7. Drug and alcohol counseling, treatment or re-entry programs are available to students and employees on a national, statewide, local and campus basis. Alcohol and drug counseling are available to students at University Counseling Services in English/Counseling Services Building (532-6544). The Alcohol and Other Drug Education Service (532-6927) can provide further information about health problems and treatment related to alcohol and drug use. Employees may seek referral for alcohol and drug problems through the KSU Employee Assistance Program (532-6277) or through the State of Kansas Lifeline Program, a 24-hour toll-free assistance line (1-800-284-7575). Other sources of assistance include the Kansas Alcohol and Drug Abuse Services (785-296-3925), and the National Institute on Drug Abuse Hot Line (1-800-662-4357). Kansas State University will also present educational programs on an ongoing basis to inform employees and students of the dangers of substance abuse.

Tuition/Fee Payment

If you have enrolled in courses for Spring 2007 Semester, the tuition/fees will first appear on a Statement of Account that will be prepared on December 15, 2006. The Statement of Account (eBill) is published on KATS under the "Student Account" menu option "View Past or Current eBills". E-mail notifications will be sent to the students' official campus e-mail addresses informing them that a new eBill is available for viewing.

Statements are prepared after close of business on the 15th of each month and the balance is due the 14th of the following month by 4:00pm (or the preceding business day if the 14th is on a weekend or holiday). See <https://www.ksu.edu/pay> for information on billing and payment.

If the balance due is not paid in full by the due date a 1.5% default charge will be assessed on the unpaid balance and a hold placed on the students' academic records.

If you enroll in courses between December 16, 2006 and January 13, 2007, a Statement of Account will be prepared on January 16, 2007 and you will have until February 14, 2007 to pay your tuition/fees without a 1.5% Default Charge.

Statements of Account will continue to be published on KATS on the 15th of each month if you have not paid your account in full. The due date on each Statement of Account will be the 14th of the following month (unless the 14th falls on a weekend or holiday and then the due date will be the preceding business day).

A \$50 Late Enrollment Fee (non-refundable) will be assessed for any student who has not enrolled in a course before the first day of the semester. See [Academic Calendar](#).
